

## THE MULTIPAGE SYSTEM

### THE MULTIPAGE SYSTEM

The MultiPage System, from Microframe, offers you the best in performance, reliability, and cost. Microframe invented the Visual-Pager System more than 25 years ago; since then the MultiPage System has become the most versatile innovation for your paging needs. With the only transmitter on the market to seamlessly page vibrating pagers, wireless Visual-Pager Displays, and the Informant Signal Light, the MultiPage System will grow with your church or ministry.

The MultiPage System brings peace of mind to parents and volunteers, knowing that if a child really needs a parent, the parents are simply a few keystrokes away. Services are freed from the distraction of ushers trying to find parents, and from parents getting up to check on their children, who are being well taken care of.

### BENEFITS & ADVANTAGES

- The MultiPage Paging System is the **ONLY** high-powered, portable transmitter with vibrating and visual-paging applications
- This affordable system will work both inside and outside multi-level buildings
- The MultiPage Paging System will activate receivers across your campus
- Give parents peace of mind
- Easy installation
- Page parents silently and discreetly
- Eliminate ushers searching for parents
- Increase security for children in the nursery

## THE MULTIPAGE SYSTEM

### MultiPage® Transmitter

**\$399**

- 1/4- to 1/2-mile indoor range and up to 2-mile outdoor range
- This affordable transmitter will work both inside and outside multi-level buildings
- 457.575 MHz supports up to 9,999 vibrating pagers, unlimited displays and signal lights
- Page and re-page vibrating pagers at user-programmable intervals
- Enter desired numbers to be displayed on a wireless visual display
- Transmitter's LCD screen shows which numbers are on the visual display
- Control lights shown on the Informant signal light
- 2-year warranty

### Visual-Pager®

**Starting at \$299**

- Operated by the MultiPage Transmitter (1/4- to 1/2-mile range)
- Display will store and rotate up to 20 numbers at a time
- UHF display has 5.5-inch tall digits viewable up to 125 feet
- Encased in an extruded-aluminum case
- Also works with wireless multi-number displays and 3610 Multi-Number Transmitter
- 1-year warranty

### Informant Signal Light

**\$199**

- Operated by the MultiPage Transmitter (1/4- to 1/2-mile range)
- Designed specifically with churches in mind
- Both simple and easy to use
- A valuable tool to help children's workers know the status of the service
- Green - tells the classroom that the service is in progress
- Yellow - indicates that it's time to start wrapping up
- Red - means parents are on their way
- Eliminates the frenzy of ending class for parent pickup
- Provides advance notice to allay congestion and delays during child pickup
- 1-year warranty

## CUSTOMER SERVICE

### PRIVACY POLICY

Microframe is committed to protecting our customer's information. We will never sell your data to anyone.

### WARRANTIES AND RETURN INFORMATION

#### The Microframe Guarantee:

Sales. Service. Support. Satisfaction.

Microframe offers a 30-Day, Money-Back Guarantee on all products. If you are not completely satisfied with your purchase, simply call Microframe to receive a Return Merchandise Authorization (RMA) number and return it within the 30 days for a full refund.\* Even after your 30 days are ended, Microframe continues to provide exemplary customer service.

We stand by our products with confidence and are committed to excellent care for our customers. Technical support is always free, regardless of how old the product is.

Our technical and customer service department is available Monday-Friday from 8 AM-5 PM, CST.

\*Full refund is contingent upon the receipt of the product in new condition, in its original packaging, and excludes the shipping charges.

#### Limited Warranty Information

Microframe extends a 1-year limited warranty on all products\*\* which covers failure, parts, and service. During the warranty period, if a product fails or malfunctions, we will repair or replace the unit at no charge if it is due to product failure and not damage or abuse. After the 1-year limited warranty is expired, all repairs will be subject to a minimal repair fee. Free customer service is available to all customers Monday-Friday from 8:00 AM-5:00 PM, CST by calling our toll-free number, 1-800-635-3811.

#### Limited Warranty Exclusion

Limited Warranty does not cover the repair/replacement of power adapters, antennas, pager belt clips, pager battery doors, pager buttons, user-replaceable batteries (alkaline or rechargeable), pager storage cases, liquid or heat damage, or lightning strikes. Limited Warranty also does not cover lost, stolen, or damaged products.

\*\*Scope transmitters carry a 2-year limited warranty.

#### ORDER PROCESSING/SHIPPING

Most items are in stock and can be shipped out the same day if you place your order before 2 PM CST. Vibrating paging systems typically require 1-2 days for programming. All orders ship UPS Ground. Expedited shipping is available for an additional cost. If an item is out of stock you will receive a call or email notifying you of the situation. For a current stock check always feel free to call 1-800-635-3811.

#### SECURITY

Microframe has made every effort to ensure that your credit card information is safe. Microframe uses VeriSign SSL certificates. VeriSign secures nearly 500,000 web sites world wide. Credit cards are processed using the industry leading Cybersource credit card processing servers. Always feel free to place your order over the phone (1-800-635-3811) if you are not comfortable with using your credit card on the internet.
